Leadership development

1. First, **gain experience in as many areas as possible** as you are studying and preparing for this career.
2. Work **harder** than your colleagues, but maintain **grace**.
3. Find a **mentor**.
4. Know the **qualities that are needed in your industry** and work on them.
5. Be **AUTHENTIC**.

You are not here merely to make a living. You are here in order to enable the world to live more amply, with greater vision, with a finer spirit of hope and achievement. You are here to enrich the world, and you impoverish yourself if you forget the errand.
